Dear Market Participants and Interested Parties:

Re: Stakeholder Comments on Letter of Notice – Proposed New ISO Rules Part 300, System Reliability and Operations, Division 302 Transmission Constraint Management, Section 302.2 "Connection Remedial Action Schemes" ("Proposed New ISO rule 302.2")

Pursuant to Section 7 of the Alberta Utilities Commission ("Commission") Rule 017, written comments received from stakeholders in response to the Alberta Electric System Operator's ("AESO") Letter of Notice of July 20, 2010 for the Proposed New ISO rule 302.2 have been posted on the AESO website. The AESO is authorized to make ISO rules, including Operating Policies and Procedures, in accordance with Sections 19 and 20 of the *Electric Utilities Act*.

The following grid is hyperlinked to provide assistance in directing you to these written comments.

Proposed New ISO rule 302.2	
ATCO	Shell
CanWEA	Suncor
Greengate Power	TransAlta
IPCAA	TransCanada Cover Letter
IPPSA	TransCanada
MEG	UCA
NaturEner	

Thank you to all stakeholders who participated in this consultation. The AESO appreciates stakeholder comments and all written comments received will be considered in the AESO's finalization of the Proposed New ISO rule 302.2. The AESO intends to continue to develop the Proposed New ISO rule 302.2 as part of the overall Transmission Constraints Management consultations that are ongoing.

As required in Section 8 of AUC Rule 017, the AESO's replies to these stakeholder comments and resulting amendments to the Proposed New ISO rule 302.2, if any, will be published on the AESO website in the near future.

Yours sincerely,
