Attention: Jamie Cameron, Application Officer

Dear Mr. Cameron:

**Re: AESO 2007 GTA (Application No. 1485517)
AESO Outstanding Responses to Information Requests**

The Alberta Electric System Operator (AESO) has now filed its outstanding responses to the 19 information requests (IRs) identified in the letter accompanying its initial IR response filing on January 24, 2004. Responses to the following IRs have been submitted via the Alberta Energy and Utilities Board (EUB) Digital Data Submission System:

ADC.AESO-022	DUC.AESO-011 (a-b)	PWX.AESO-016 (a-b)
BR.AESO-003 (a-b)	EnCana.AESO-025 (a-b)	TCE.AESO-007 (a-e)
CG.AESO-017 (a-c)	IPCAA.AESO-033 (a-b)	TCE.AESO-028 (a-d)
CG.AESO-018 (a-b)	IPCAA.AESO-034 (a-e)	TCE.AESO-029 (a-d)
CG.AESO-019 (a-c)	PPGA.AESO-009 (a-e)	TCE.AESO-054 (a-d)
DUC.AESO-004	PPGA.AESO-014	TCE.AESO-061 (a-c)
DUC.AESO-006 (a-b)		

The AESO has also submitted a revised Attachment EnCana.AESO-004 (a), which is the AESO's 10-Year Transmission System Plan. The 10-Year Plan originally attached to the IR response had been filed with the EUB in December 2006. The AESO has become aware that several maps, when converted to PDF format, were not as clear as anticipated and also noted several typographical and other such errors. These matters were addressed in an updated 10-Year Plan dated January 2007, and the updated Plan has accordingly been provided as a revised attachment to the IR response.

In discussion with intervenors the AESO also identified revisions to the responses to IRs EPCOR.AESO-002 (e) and TCE.AESO-005 (i) that had been submitted on January 24. Revised versions of those IR responses have been included with this submission.

If you have any questions on these IR responses or need additional information, please contact me at (403) 539-2465 or by e-mail to john.martin@aeso.ca, or Heidi Kirrmaier at (403) 539-2751 or by e-mail to heidi.kirrmaier@aeso.ca.

Yours truly,
