As mentioned in the AESO's letter of August 23, we selected a company called Certus Strategies to facilitate the process. The Principals and facilitators for this process from Certus are Dave Gould, Barb Samuels and Bill Remmer. Their background is in mediations and public consultation work and have worked for many public groups and corporate organizations such as: The Alberta Electric Utilities Board (EUB), The National Energy Board, (NEB), The City of Calgary, Imperial Oil, Shell, Husky and many others. Their motto is "Deciding Together". We expect their expertise will greatly assist us in the settlement process.

To get things started I have supplied Certus with your names, e-mails, and telephone numbers. They will be contacting each of you via telephone within the next 10 days to

talk with you about participating in an initial meeting on Oct 3rd where we will begin the NSP and to learn about each of our interests, issues, and concerns.

If you have any other questions or comments, please contact me at (403) 539-2759 or at doyle.sullivan@aeso.ca. We look forward to working with you.

Sincerely,
