AESO 2004-2005 Deferral Account Reconciliation Application

Dear Participant:

Re: **Technical Meeting for AESO 2004-2005 Deferral Account Reconciliation
(Application 1548908)**

As included in the process schedule for the AESO's 2004-2005 Deferral Account Reconciliation Application (Application 1548908) issued by the Alberta Utilities Commission (AUC) on January 18, 2008, the AESO has scheduled a technical meeting for the morning of February 8, 2008, at the AESO's office in downtown Calgary. You are invited to participate in this meeting.

Details of the meeting are as follows:

Time: 9:00 AM to 12:00 Noon
Date: Friday, February 8, 2008
Location: 25th Floor Board Room, AESO Office, 330 – 5th Avenue SW, Calgary
Refreshments: Coffee, juice, fruit, and pastries will be provided
Registration: Please register your attendance at this meeting with April Walters by e-mail to april.walters@aeso.ca or by phone to (403) 539-2463, by **5:00 PM on Tuesday, February 5, 2008**, to ensure space is available

Please note that this meeting is intended primarily for registered participants in the AESO's 2004-2005 Deferral Account Reconciliation Application proceeding, although other interested parties may attend. The technical meeting will address the following topics:

- brief review of the contents of the application,
- determination of annual deferral account balances,
- explanation of customer allocation methodology, and
- review of reports included as appendices to application.

Attendees at the meeting are expected to have reviewed and be familiar with the contents of the AESO's application.

Some participants in this proceeding have requested additional deferral account reconciliation and allocation data be provided by transmission settlement point. The AESO has completed the preparation of that data, and will provide it on request to customers prior to the meeting. As the

data represents confidential customer information, the AESO does not expect to discuss such information at the meeting itself.

The AESO is currently in the process of notifying the billing contacts for each customer that the information by settlement point is available.

The AESO's 2004-2005 Deferral Account Reconciliation Application and related information is posted on the AESO's web site at www.aeso.ca, and may be found by following the path Tariff ► Current Applications ► 2004-2005 Deferral Account Reconciliation.

If you have any questions on the deferral account reconciliation application or the technical meeting, please contact John Martin at (403) 539-2465 or by e-mail to john.martin@aeso.ca.

Sincerely,

[original signed by]
