Refreshments: Coffee, juice, snacks
RSVP: By Friday, February 27, 2009 to April Walters, 403-539-2463 or april.walters@aeso.ca

The AESO expects to discuss the following topics during the meeting:
- Summary of 2008 deferral account reconciliation application
- Significant variances in 2008 deferral account reconciliation
- Reversal of interest redistribution as directed in AUC Decision 2009-010
- Proposed request for immediate interim settlement upon filing of application
- Criteria for “turning off” full reconciliations of deferral accounts
- Exclusion of year-end and prior year balances from Rider C determination
- Changes to Riders B or C for potential inclusion in next AESO tariff application

The AESO plans to present information on these topics to facilitate discussion, and will post the presentation before the meeting if possible. Following the meeting, the AESO expects to distribute a comment form and invite additional stakeholder feedback.
