**Re: Application N0. 1605677 Correction to Filed Alberta Reliability Standard (“Reliability Standard”) IRO-006-WECC-AB-1 Qualified Transfer Path  
Unscheduled Flow Relief (Application N0. 1605677)**

The purpose of this letter is to notify the Commission of a typographical error in the title of the copy of Reliability Standard IRO-006-WECC-AB-1 Qualified Transfer Path Unscheduled Flow Relief filed on December 1, 2009 and assigned Application No. 1605677.

The filed Reliability Standard incorrectly stated the title as IRO-006-WECC-1. The title should have read IRO-006-WECC-AB-1 both as the title and the header of this Reliability Standard.

Please find attached a [corrected copy](#) of the subject Reliability Standard as a replacement for the incorrectly filed Reliability Standard.

Yours sincerely,
