

February 4, 2010

Dear Market Participants and Interested Parties:

Re: Stakeholder Comments on Letter of Notice – Proposed New Level I ISO Rules Part 500, Facilities, Division 501.3 – Generation Facility Owners, Section 501.3.1 – Wind Generating Facilities Technical Requirements (“Wind Technical Rules”)

Pursuant to Section 7 of the Alberta Utilities Commission Rule 017, comments received from stakeholders in response to the Alberta Electric System Operator (“AESO”) [Letter of Notice](#) of December 16, 2009 have been posted on the AESO website. The AESO is authorized to make ISO rules, including Operations Policies and Procedures (“OPP”) in accordance with Sections 19 and 20 of the EUA.

The following grid is hyperlinked to provide assistance in directing you to these comments.

Wind Technical Rules	
ATCO Power	ENMAX Energy Corporation
Benign Power Inc	Suncor
Capital Power	TransAlta
Cover email from ENERCON	Cover email from TransCanada
ENERCON GmbH	TransCanada

Thank you to all stakeholders who participated in the consultation. The AESO appreciates views provided by stakeholders and all feedback provided within the scope of the Wind Technical Rules will be considered in its finalization.

AESO responses to these stakeholder comments will be published along with the final Wind Technical Rules being recommended for internal AESO approval in March 2010.

Yours sincerely,
