Attention: Wayne MacKenzie, Application Officer

Dear Wayne:

**Re: Delay in Responses to Information Requests on AESO 2010 ISO Tariff Application  
Application No. 1605961 and Proceeding ID 530**

The AESO advises the Alberta Utilities Commission (“Commission”) that it is unable to satisfactorily complete all responses to the information requests for the above-noted application in time for submission tomorrow, which is the due date in the process schedule distributed by the Commission on March 22, 2010.

In large part, the responses are not yet complete due to the unanticipated breadth and complexity of the information requests. The AESO requests a one-week extension to the response deadline, and proposes to file all responses no later than Wednesday of next week, May 5, 2010. If possible, the AESO will file responses, either in full or to specific interveners, before that date.

The AESO apologizes for any inconvenience to the Commission or participants in this proceeding. If you have any questions on this matter, please contact me at 403-539-2465 or by e-mail to [john.martin@aeso.ca](mailto:john.martin@aeso.ca).

Yours truly,
