Dear Market Participants and Interested Parties:

Re: Stakeholder Comments on Letter of Notice – Emergency Preparedness and Operations (“EOP”) Reliability Standard Proposed for Adoption as Alberta Reliability Standard:
a) EOP-008-AB-0 Plans for Loss of Control Centre Functionality (the “Proposed Reliability Standard”).

Comments received from stakeholders in response to the Alberta Electric System Operator’s (“AESO”) [Letter of Notice](#) of July 22, 2010 for the Proposed Reliability Standard have been posted on the AESO website.

The following table is hyperlinked to provide assistance in directing you to these written comments for the Proposed Reliability Standard:

| Proposed Reliability Standards | |
|---|-------------------------------|
| AltaLink Management Ltd | Suncor Energy |
| ENMAX | TransAlta |
| Imperial Oil | TransCanada |
| Nexen Inc | |

Thank you to all stakeholders who participated in this consultation. The AESO appreciates stakeholder comments and all written comments received will be considered in the AESO’s finalization of the Proposed Reliability Standard. The AESO intends to finalize the Proposed Reliability Standard for filing with the AUC in October, 2010.

The AESO’s replies to these stakeholder comments and resulting amendments to the Proposed Reliability Standard, if any, will be published on the AESO website in the near future.

Yours sincerely,
