Dear Market Participants and Interested Parties:

**Re: Stakeholder Comments on Revised ISO Rule 9.4 “Transmission Constraints Management” (“Revised TCM Rule”)**

Pursuant to Section 7 of the Alberta Utilities Commission (“Commission”) Rule 017, written comments received from stakeholders in response to the Alberta Electric System Operator’s (“AESO”) [Letter of Notice](#) of July 20, 2010 for the Revised TCM Rule have been posted on the AESO website. The AESO is authorized to make ISO rules, including Operating Policies and Procedures, in accordance with Sections 19 and 20 of the *Electric Utilities Act*.

The following grid is hyperlinked to provide assistance in directing you to these written comments.

Thank you to all stakeholders who participated in this consultation. The AESO appreciates stakeholder comments and all written comments received will be considered in the AESO’s finalization of the Revised TCM Rule. The AESO intends to continue to develop the Revised TCM Rule as part of the overall Transmission Constraints Management consultations that are ongoing.

As required in Section 8 of AUC Rule 017, the AESO’s replies to these stakeholder comments and resulting amendments to the Revised TCM Rule, if any, will be published on the AESO website in the near future.

Yours sincerely,
