

September 21, 2010

Dear Market Participants and Interested Parties:

Re: Stakeholder Comments on Letter of Notice – MOD-024&025-AB-1

**Modeling, Data, and Analysis (“MOD”) Reliability Standard MOD-024&025–AB-1
Verification of Generator Real and Reactive Power Capability Proposed for
Adoption as Alberta Reliability Standard and New Definitions for Incorporation
into AESO Consolidated Authoritative Documents Glossary (collectively the
“Proposed Reliability Standard”)**

Comments received from stakeholders in response to the Alberta Electric System Operator’s (“AESO”) [Letter of Notice](#) of August 17, 2010 for the Proposed Reliability Standard have been posted on the AESO website.

The following table is hyperlinked to provide assistance in directing you to these written comments for the Proposed Reliability Standard:

Proposed Reliability Standards	
ATCO	Suncor
Capital Power	TransAlta
ENMAX	TransCanada

Thank you to all stakeholders who participated in this consultation. The AESO appreciates stakeholder comments and all written comments received will be considered in the AESO’s finalization of the Proposed Reliability Standard. The AESO intends to finalize the Proposed Reliability Standard for filing with the AUC in November, 2010.

The AESO’s replies to these stakeholder comments and resulting amendments to the Proposed Reliability Standard, if any, will be published on the AESO website in the near future.

Yours sincerely,
