400, 425 – 1st Street SW
Calgary, Alberta T2P 3L8

Dear sir or madam:

Re: **AESO 2011 Balancing Pool Consumer Allocation Rider F Application**

1. The AESO requests approval by the Commission, pursuant to subsection 82(6) of the Act, for a Balancing Pool Consumer Allocation Rider F to provide a $2.00/MWh credit to all Demand Transmission Service (DTS) and Demand Opportunity Service (DOS) customers, with the exceptions of the City of Medicine Hat and BC Hydro at Fort Nelson, for consumption from January 1 through December 31, 2011, inclusive.

2. On November 22, 2010 the Balancing Pool notified the Alberta Electric System Operator (AESO) of an estimated annualized positive amount of $108.0 million to be reflected in the AESO’s rates under sections 30 and 82 of the *Electric Utilities Act* (Act). The annualized amount is similar in nature to that which is currently being refunded to AESO customers through the Balancing Pool Consumer Allocation Rider F under the AESO’s tariff.

3. The Balancing Pool has requested that the amount be paid to AESO customers as a $2.00/MWh credit during 2011. A copy of the Balancing Pool’s letter providing the notice is attached. The Balancing Pool’s notice complies with the requirements of section 82(4) of the Act.

4. Rider F was first approved as a $1.00/MWh credit by the predecessor of the Alberta Utilities Commission (Commission), the Alberta Energy and Utilities Board (Board), in Order U2005-464 for 2006 consumption. Rider F was revised in subsequent years and approved at levels from $2.00/MWh credit to $6.50/MWh credit in various orders and decisions of the Board and the Commission. Rider F was most recently approved as a $2.00/MWh credit in Commission Decision 2010-257 for consumption from July 1 to December 31, 2010. No objections were received in any of the AESO’s previous Rider F applications.

5. The AESO accepts the Balancing Pool’s recommendation that the annualized amount continue to be refunded to AESO customers as a $/MWh amount, set at $2.00/MWh credit effective from January 1 to December 31, 2011. The AESO further proposes that other aspects of the 2011 Rider F, including applicability criteria, continue unchanged from the 2010 Rider F which is currently in effect. A proposed Rider F schedule is attached.
The AESO notes that the City of Medicine Hat and BC Hydro at Fort Nelson are ineligible for Rider F according to Board Order U2006-307.

As this application is a simple revision to the level of Rider F and complies with relevant legislation, the AESO requests that the Commission deal with this application through an expedited process.
