

April 21, 2011

Dear Market Participant and Interest Parties:

Re: Stakeholder Comments on Consultation for Proposed Rejection of North American Electric Reliability Corporation (“NERC”) Reliability Standard: Facilities Design, Connections and Maintenance “System Operating Limits Methodology for the Operations Horizon” FAC-011-2. (“NERC FAC-011-2”)

Comments received from stakeholders in response to the Alberta Electric System Operator’s (“AESO”) [Letter of Notice](#) of March 18, 2011, for the proposed rejection of NERC FAC-011-2 have been posted on the AESO website.

The following table is hyperlinked to provide assistance in directing you to these written comments for the proposed rejection of NERC FAC-011-2.

Proposed Rejection of NERC FAC-011-2
AltaLink
ENMAX Power Corporation

Thank you to all stakeholders who participated in this consultation. The AESO appreciates stakeholder comments and all written comments received will be considered in the AESO’s finalization of the proposed rejection of NERC FAC-011-2. The AESO intends to finalize the proposed rejection of NERC FAC-011-2 for filing with the Alberta Utilities Commission in Q3, 2011.

The AESO’s replies to these stakeholder comments and resulting amendments to the proposed rejection of NERC FAC-011-2, if any, will be published on the AESO website in the near future.

Yours sincerely,
