

Stakeholder Invitation

Stakeholder Information Session
Wednesday April 27, 2011
9 am to noon
6th Floor Main Boardroom, BP Centre
240 – 4th Avenue S.W.
Calgary, Alberta

The AESO is pleased to invite all interested stakeholders to a special presentation by Hannes Pfeifenberger, Principal from The Brattle Group to discuss his research, findings and recommendations on the long-term challenges to resource adequacy in Alberta's electricity market. The research was based on the following questions:

1. Is the market design sustainable in its current state?
2. Is the energy-only market design sustainable with minor changes?
3. Are major changes required to maintain resource adequacy?
4. What long-term adequacy metrics can be used as milestones for change?

Please RSVP to cora.anderson@aeso.ca by Thursday April 21, 2011.

Sincerely,
