

Alberta Load Coalition Feedback

Please accept the following comments on behalf of the Load Coalition.

The Load Coalition, consists of Alberta Direct Connect Consumer Association (ADC), the Industrial Power Consumers' Association of Alberta (IPCAA) and the Office of the Utilities Consumer Advocate (UCA).

The Load Coalition concurs with the AESO that the current price cap level is not a barrier to the FEOC operation of the energy market. Until and unless a broad review of market structure is initiated, it does not appear that further analysis of the price cap is warranted.

Please let me know if you have any questions.

Regards,
Colette Kearl, P.Eng.
ADC - Executive Director
