

# Linda Chambers

## Board Member

Linda Chambers joined the Alberta Electric System Operator (AESO) Board in April 2010 and is a member of the Corporate Governance Committee and the Transmission Advisory Task Force.

Mrs. Chambers has extensive experience in the electricity sector. Most recently she held the position of Chief Executive Officer at EarthFirst Canada Inc., a wind power company with renewable development initiatives across Canada.

Prior to that, Mrs. Chambers held senior executive roles at TransAlta Corporation for 12 years, including President of TransAlta USA and Executive Vice-President of Generation Technology.

In her roles at TransAlta, Mrs. Chambers had accountability for assets in Australia, Mexico, the United States and Canada, in a wide range of areas such as operations, maintenance, engineering, coal, natural gas, hydro and wind assets. She also spent considerable time in the area of new environmental technologies.

Mrs. Chambers has served on a number of domestic and international TransAlta subsidiary Boards, and the Canadian Electricity Association Board and Executive Committee.

Mrs. Chambers resides in Calgary, Alberta.

*The AESO's Board Members are independent of market participants and have expertise in several business disciplines, including technology, finance and stakeholder relations as well as business experience in energy industries. The Board's objective is to provide effective governance for the AESO organization to achieve its strategic goals and objectives. This includes balancing the interests of a diverse set of stakeholders and fulfilling its public interest mandate.*

*As an independent system operator, the AESO leads the safe, reliable and economic planning and operation of Alberta's interconnected power system. The AESO also facilitates Alberta's fair, efficient and openly competitive wholesale electricity market, which in 2010 had about 175 participants and approximately \$5 billion in annual energy transactions.*
