RE: BOW1 Aggregate Data

The AESO received a request from ENMAX Corporation to provide the 2006-2011 measurement point ID (MPID) data that is encompassed within the BOW1 asset ID.

The asset ID BOW1 consists of the following 11 MPIDs.

MPID	NAME
BAR	BARRIER
BPW	BEARSPAW
CAS	CASCADE
GHO	GHOST
HSH	HORSESHOE
INT	INTERLAKES
KAN	KANANASKIS
POC	POCATERRA
RUN	RUNDLE
SPR	SPRAY
THS	THREE SISTERS

The data for the above MPIDs has been copied from the 2006-2011 GSOs. Please note the data starts from June 01st and ends May 31st with half of the data from the previous year, consistent with the GSO format.
