Re: Outage notification to participants for the Energy Trading System (ETS)

As part of the AESO's planned maintenance and system enhancements, there will be a planned upgrade to the Energy Trading System (ETS), on Tuesday, July 29th. ETS will be available throughout the upgrade, so there will be no impact to participants during this time.

Upon completion of this ETS upgrade, the following information will be available in the "Monthly Outage" report and the "Short Term Outage" report.

"Last Updated: <date> <time>"

We would like to thank participants for their understanding and cooperation during this period; if you have any questions, please call 'AESOfirstcall' at 1-888-588-AESO (2376) during the business hours of 8 a.m. - 5 p.m. Mountain Daylight Time, Monday to Friday.

Sincerely,
