Dear Market Participants and Interested Parties:

**Re: Letter of Notice – Proposed Wind Power Forecasting Service Cost Recovery**

The AESO has developed a proposal on wind power forecasting service cost recovery and is soliciting stakeholder comments on the proposal. [Click here for the Recommendation paper](#) which provides details on the background on the subject and the AESO recommendation.

The AESO will finalize the wind power forecasting service cost recovery proposal after considering all stakeholder comments received and will include the finalized proposal in its 2010 General Tariff Application (GTA).

Please provide comments or questions by **Friday, September 11, 2009** to me at 403.539.2497 or [anita.lee@aeso.ca](mailto:anita.lee@aeso.ca).

Sincerely,
