Dear Market Participants,

Re: **Minimum Stable Generation Workshop Invite**

The AESO invites all stakeholders to attend the Minimum Stable Generation (MSG) workshop to be held on Tuesday, April 5, 2011 from 2:00 p.m. to 4:00 p.m. in the Main Board Room of the AESO Offices located at 2500, 330-5th Ave. S.W., Calgary, Alberta.

The objective of the workshop is to review options for updating the definition and application of MSG to reflect the characteristics of the different generation types in Alberta and ensure consistency of use in congestion management and supply surplus. An option for allowing participants to dynamically update MSG will also be discussed.

Please RSVP to cora.anderson@aeso.ca or at ph: 403.539.2907 by Tuesday, March 29, 2011 to indicate your interest in the workshop. Stakeholder discussions within the workshop will be without prejudice.

We look forward to your participation and assistance in this workshop.

Yours truly,

Hameed Zaman
Senior Analyst, Market Operations, Market Services
