Dear Market Participants and Interested Parties:

Re: **AESO Market Services September Stakeholder Meeting**

All interested parties are invited to attend a formal stakeholder session to review and discuss the two Market Services papers which have recently been posted to our website.

The first paper, entitled AESO Discussion Paper Market Roadmap, is available at [http://www.aeso.ca/downloads/AESO\\_Roadmap\\_Aug\\_30\\_2007\(1\).pdf](http://www.aeso.ca/downloads/AESO_Roadmap_Aug_30_2007(1).pdf) and is a directional project plan that sets the context and scope for market changes envisioned by recent DOE policy work. The Roadmap outlines projects that are underway at the AESO while providing a framework and timeline for discussion.

The other paper, entitled AESO Recommendation Paper – Congestion Management Plan, is available on our website at [http://www.aeso.ca/downloads/Congestion\\_Management\\_Plan\\_07\\_Final\(2\).pdf](http://www.aeso.ca/downloads/Congestion_Management_Plan_07_Final(2).pdf) and outlines a new congestion management protocol under consideration. Comments to the AESO on the Congestion Management Plan are requested by September 28, 2007 and the meeting is intended to provide more clarity and the opportunity to ask any questions you may have. The AESO intends to subsequently follow the normal rules process to approve new congestion management rules and modify the appropriate operating policies and procedures to align with the protocol.

The meeting is to be held at the **Metropolitan Centre** in Calgary, 333 Fourth Avenue S.W. on Wednesday, **September 26 from 9:00 a.m. to 11:30 a.m.** The purpose of the meeting will be to review the content of the two papers and to provide added clarity where needed. Please RSVP to Alexandra McAlister at alexandra.mcalister@aeso.ca by September 24, 2007.

Should you have any questions regarding either paper, please contact Cliff Monar at 539-2457 or Doug Simpson at 539-2494.

Yours sincerely,
