March 3, 2015

Dear Market Participants and Other Interested Parties

RE: Notice of Alberta Reliability Standard Effective Date:

   a) Adoption of New Alberta Reliability Standard TOP-007-AB-0, Reporting System Operating Limit and Interconnection Reliability Operating Limit Violations ("TOP-007-AB-0").

Further to the Notice of Application posted by the Alberta Utilities Commission ("AUC") on February 3, 2015, please see the following table for a summary of the filing and effective dates for the adoption of new TOP-007-AB-0.

<table>
<thead>

<th>Previously Existing Alberta Reliability Standard</th>
<th>Alberta Reliability Standard/New Standard</th>
<th>AUC Application No.</th>
<th>Date Filed with AUC</th>
<th>AUC Notice of Application Date</th>
<th>AUC Decision No.</th>
<th>Effective Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>TOP-007-AB-0</td>
<td>20131-A001</td>
<td>February 2, 2015</td>
<td>February 3, 2015</td>
<td>20131-D01-2015</td>
<td>July 1, 2015</td>
</tr>
</tbody>
</table>

In accordance with section 19 of the Transmission Regulation, the objection period has now passed, and on February 23, 2015, the AUC approved the adoption of the reliability standard. This reliability standard will become effective on July 1, 2015.

For more information on Alberta reliability standards, please view Current Standards. Alternatively, please visit the AESO website at www.aeso.ca and follow the path: Rules & Standards > Alberta Reliability Standards > Current Standards.

If you have any questions, please contact the undersigned.

Sincerely,
