Dear Market Participants and Interested Parties:

Re: Stakeholder Notice Regarding:

- a) **Extension of Stakeholder Comment Deadline on the Updated Market Roadmap to April 17, 2009;**
- b) **No Changes to Stakeholder Comment Deadlines for Proposed Level I Changes to Existing ISO Rule 6.6 and Existing Long Lead Time Energy Dispatches and Directives Rules and Related OPP 101, OPP 705, OPP 801.**

Please be advised that further to our letter of [February 26, 2009](#), and to accommodate stakeholder requests for additional time to review the updated Market Roadmap, the AESO will extend the deadline for comments to **Friday, April 17, 2009**.

Please also note that the AESO is unable to extend the deadline for comments on the proposed Level I changes to existing ISO Rule 6.6 and existing Long Lead Time Energy Dispatches and Directives Rules and Related OPP 101, OPP 705, OPP 801, and still meet key process deliverables. Accordingly, the deadline for comments for these proposed ISO and OPP Rules changes remains **Friday, April 3, 2009**.

The AESO appreciates your understanding in this regard.

Yours sincerely,
