

# AESO Reliability Standards Monthly Report

April 2009

## Proposed New Criterion BAL-012-WECC – Frequency Responsive Reserves

### **Purpose:**

Draft Criterion, third posting for comment.

### **Current Criterion:**

There is no current criterion.

### **Proposed Criterion:**

The purpose of this Frequency Responsive Reserve (FRR) Criterion is to develop a criterion that meets the directives of the WECC Board of Directors (Board) and the request for the development of a criterion. WECC Criterion BAL-012-WECC-2 – CR Frequency Responsive Reserves will replace the existing BAL-00X-1 FRS Frequency Responsive Reserve Criterion.

### **Current Status:**

The criterion was posted for comment on the WECC site until April 13. The AESO submitted comments which can be seen using the link below.
