

April 20, 2011

Dear Potential Bidder

Re: **Typographical Error in the LSSi RFP "Response to Questions Document" (the "Response Document")**

The AESO issued the Response Document on April 14, 2011. However, the Response Document contained a typographical error in Appendix "B".

Specifically, Appendix "B" of the Response Document stated in the "Summary of Dispatches" table that the Average Actual Volume between 9:00AM and 10:00AM and between 10:00AM and 10:08AM was 28MW. The reference to "28MW" should have been "29MW". The incorrect reference to "28 MW" was also stated in the Excel Settlement Example provided as part of Appendix "B".

The AESO is issuing this letter to provide notice to all bidders that the AESO has (i) corrected the above mentioned typographical error and (ii) reposted the Response to Questions Document and the Excel Settlement Example on the AESO website.

Please contact me if you have any questions or concerns regarding the above correction.

Yours truly,
