Re: [AESO Recommendation Paper Rule 6.6 Review](#)

The AESO is pleased to inform participants that we have posted a recommendation paper to our website entitled [AESO Recommendation Paper - Rule 6.6 Review](#). The paper along with a [comment matrix](#) may be accessed by going to our website at <http://www.aeso.ca> and then following the path Market > Market Policy Implementation > Rule 6.6 Review.

Due to changes in roles and responsibilities required by new legislation enacted earlier this year and input received from stakeholders, the AESO has made recommendations for changes to ISO Rule 6.6 - Pool Participant Non-Compliance with Energy Market Dispatches and Directives.

All market participants and interested parties are encouraged to provide comments on the recommendation paper to the AESO by November 18, 2008. The AESO acknowledges that AUC Proceeding 65 - Complaints Regarding ISO Rule 6.6, is in progress and that a hearing is scheduled for December 1, 2008. If the hearing proceeds as scheduled the AESO may revise the deadline for comments to sometime after the hearing.

The AESO will subsequently follow the normal process to develop and approve a revised ISO Rule 6.6, however, based on participant feedback, may consider an additional round of consultation.

Please email your completed comment matrix to [doug.simpson@aesoc.ca](mailto:doug.simpson@aesoc.ca).

Should you have any questions regarding the paper, please contact Doug Simpson at 403 539-2494.

Yours truly,

Doug Simpson  
Director, Market Operations
