Dear: Market Participants and Interested Parties

Re: AESO Market Services Stakeholder Meeting on January 29, 2009

Market Services invites all interested parties to attend a formal stakeholder session to discuss the updated recommendations for ISO Rule 6.6 and the Quick Hits Rules review.

On October 30, 2008 the AESO posted AESO Recommendation Paper Rule 6.6 Review to our website. On January 15, 2009 we posted an update to the original recommendations and we intend to discuss the revised recommendations and provide more clarity at the stakeholder session.

The AESO is also preparing a review of the Quick Hits rules that were implemented in December of 2008 and would like to provide an update with respect to our progress to date.

The meeting is to be held at **The Metropolitan Conference Centre, Royal Room** in Calgary, 333 – 4th Avenue S.W. on **Thursday, January 29, 2009 from 9:00 a.m. to 12:00 p.m.** Please RSVP to April Walters at april.walters@aeso.ca by January 27, 2009.

Yours sincerely,

“original signed by”
