

September 8, 2009

Dear Stakeholder:

Re: **UPDATE**

*Future Demand and Energy Outlook (2009 – 2029) Release and Presentation*

The AESO's Long Term Forecasting Team gave a presentation on April 2, 2009 regarding the [Future Demand and Energy Outlook \(2008 – 2028\)](#). In that presentation a proposed schedule was put forward with a delivery of the *Future Demand and Energy Outlook (2009 – 2029)* in September 2009 with a stakeholder presentation to follow in September or October. We are in the final stages of completing the publication and presentation and will update stakeholders with publication and presentation dates shortly.

If you have any questions regarding either the *Future Demands and Energy Requirements (2009-2029)* or other long term load forecasting items, please contact me at (403) 539-2555 or via e-mail at [larhonda.papworth@aeso.ca](mailto:larhonda.papworth@aeso.ca). Alternatively you can contact Rob Baker, Manager Forecasting Services, at (403) 539-2614 or [rob.baker@aeso.ca](mailto:rob.baker@aeso.ca).

Yours truly,

LaRhonda Papworth  
Supervisor, Long Term Forecasting
