Company name (if applicable): **Alberta Electric System Operator**

Needs identification document approval cancellation

Cancellation application requirement (CT1)

Provide the approval number to be cancelled and the rationale for the cancellation:

The AESO requests the cancellation of Needs Identification Document Approval Number 3598-D02-2015, which includes:

- a) one new 144-kilovolt (kV) transmission line between the approved Whitetail 976S substation and the existing 144-kV transmission line 7L106, and
- b) other associated equipment as more particularly described in the application.

The AESO is requesting cancellation of the above noted NID approval because the associated request for system access service was cancelled at the request of the market participant, Enbridge Inc. Therefore, there is no longer a need for the transmission facilities included in 3598-D02-2015.
