	Development of a Proposed ISO Rule	Stakeholder Comments and/or Alternate Proposal
5.	Do you have any additional comments?	<p>In the AESO's letter of notice dated August 6, it indicated that there is an urgent need for changes to Section 505.2 to be implemented by January 31, 2021. While the AESO has flagged this issue as urgent, it should not preclude the need for adequate consultation with stakeholders.</p> <p>Given the short timeline, additional details regarding the consultation process and scope of rule changes should be provided to stakeholders well in advance of the AESO's online session planned for Q3 2020. This would ensure that stakeholders are provided with enough time to understand the changes being proposed and identify any impacts.</p>
