

November 3, 2020

To Registered Participants in Proceeding 790 and Other Interested Parties

Dear Stakeholder:

Re: **Invitation and Draft Agenda for Technical Meeting on Loss Factor Activities Under Module C of Alberta Utilities Commission (“Commission”) Proceeding 790, Complaints Regarding the ISO Transmission Loss Factor Rule and Loss Factor Methodology**

As part of its activities under Module C of Proceeding 790, the AESO published recalculated loss factors for 2013, 2012, 2011, and 2010 on October 28, October 30, November 2, and November 3, 2020, respectively. The loss factors were determined in accordance with the Modified Module B methodology approved by the Commission in Decision 790-D07-2019, and the AESO published additional information used to establish the recalculated loss factors as required by the methodology.

The AESO invites registered participants in Proceeding 790 and other interested parties to attend a loss factors technical meeting to discuss the recalculated loss factors. The AESO will present information on the 2013 to 2010 recalculated loss factors and other related activities at the following online meeting:

Time: 9:00 am to 11:30 am
Date: Friday, November 20, 2020
Location: Online meeting via Zoom
Register: Each participant that will attend must register by 5:00 pm on Wednesday, November 18, 2020 through the following link:
https://us02web.zoom.us/webinar/register/WN_QLUiRi6qQwK0mGiHvUYuDQ
Please identify the organization you are representing when you register. After registering, you will receive a confirmation email containing information about joining the meeting.

The draft agenda for the meeting is as follows:

1. Introduction
2. Overview of loss factor recalculation results for each year from 2013 to 2010
3. Overview of loss charge adjustments resulting from 2013 to 2010 loss factor recalculations
4. Status update on settlement of loss charge adjustments
5. Status update for remaining Module C loss factor calculations
6. Status update for 2021 loss factor calculations
7. Investigation of volume discrepancies in loss factor calculations
8. Review of questions from stakeholders
9. Review of remaining schedule for loss factor activities

11. Questions and discussion

Participants are invited to provide comments on the draft agenda by Monday, November 9, 2020, by email to john.martin@aeso.ca. The AESO will post the final agenda, if revised, on the AESO website on Tuesday, November 10. The AESO will post the technical meeting presentation on the AESO website by Thursday, November 12, 2020. All material will be posted at www.aeso.ca ► Grid ► Loss factors ► Stakeholder engagement ► Technical meetings.

Representatives from Teshmont Consultants LP will attend the meeting. Questions will be responded to as time permits during the meeting. The AESO does not expect to provide written responses to questions asked during the meeting.

To assist the AESO in preparing for the meeting, participants may submit questions related to the presentation by Tuesday, November 17, 2020. Responses to the questions will be incorporated into the technical meeting presentation where possible.

To submit questions related to the presentation or for additional information regarding the meeting, please contact John Martin by email to john.martin@aeso.ca or at 403-667-8040.

Yours truly,

John Martin
Senior Special Projects Advisor
