Dear Ms. Tan,

**RE: Confirmation of AUC Rule 007, NID 15(2) Content in Facility Application
Bauer Substation Capacity Addition Project
AESO Project File No. 1554**

ATCO Electric Ltd. has addressed the aspects of AUC Rule 007, NID 15(2) in *Section 4.0: Land and Environmental Considerations* of the Facility Application for the above referenced project. As the alterations proposed under AESO project No. 1554 will occur entirely within an existing, developed substation property, no additional environmental and land use effects as a result of this project are anticipated.

Sincerely,
ATCO Electric Ltd.
