

AESO Behind the Fence (BTF) Stakeholder Engagement session

Nov. 26, 2019

INCREASED GFO INVOLVEMENT

DISCUSSION, THOUGHTS AND IDEAS

- Will this improve communication? Risk management? Timelines? Coordination?
- Are these appropriate documents for the GFO to be involved in?
- Are there any additional documents that the GFO should be involved in?
- Are there potential drawbacks to increased GFO involvement or scenarios where GFO involvement doesn't make sense?

CONSTRUCTION CONTRIBUTION DECISION (CCD) TIMING

DISCUSSION, THOUGHTS AND IDEAS

- Does the CCD provide more value if it is provided in Stage 1 rather than Stage 2?
- Is Stage 1 the appropriate timing for the CCD?
- What purpose does the CCD serve in Stage 1 and what is it used for?

DETERMINING TARGET AND MAXIMUM TIMELINES

DISCUSSION, THOUGHTS AND IDEAS

- Are the proposed target and max timelines reasonable for BTF projects?
- What are reasons that the project would take longer than these timelines?
- Does the Project Schedule Alignment bring value?
- What milestones should be included on the Project Schedule Alignment?
- What metrics for the BTF process would you like to see on the QRG?

SYSTEM ACCESS SERVICE (SAS) AGREEMENT EXECUTION TIMING

DISCUSSION, THOUGHTS AND IDEAS

- Is 60 days after the Functional Specification appropriate?
- Are there reasons 60 days would not work?
- What do you need in order to sign the SAS Agreement?
- What would cause a delay in signing the SAS Agreement?

Please provide complete booklets to an AESO facilitator or email your feedback to ***customer.connections@aeso.ca***
