Re: **Late Market Participant Comments on Letter of Notice – Proposed Amended ISO Rules:**

- a) **Section 205.3, *Restatements for Operating Reserve*;**
- b) **Section 205.4, *Regulating Reserve Technical Requirements and Performance Standards* (“amended Section 205.4”);**
- c) **Section 205.5, *Spinning Reserve Technical Requirements and Performance Standards*;**
- d) **Section 205.6, *Supplemental Reserve Technical Requirements and Performance Standards* (collectively, the “proposed amended Operating Reserve Rules”)**

On October 25, 2017, the Alberta Electric System Operator (“AESO”) received a late written comment on the proposed amended Operating Reserve Rules from TransAlta Corporation.

The following grid is hyperlinked to provide assistance in directing market participants to this written comment.

The AESO is of the view that adherence to deadlines is an integral part of a fair and efficient ISO rules comment process. Market participant comments received after a specified deadline are considered at the discretion of the AESO.

Sincerely,
