Re: **Late Stakeholder Comments on Letter of Notice for Feedback on the Content of the Proposed New ISO Rule – “Waivers and Variance Rule”**

Pursuant to Section 5.2 of Alberta Utilities Commission Rule 017, *Procedures and Process for Development of ISO Rules and Filing of ISO Rules with the Alberta Utilities Commission*, late written comments received from stakeholders in response to the Alberta Electric System Operator’s (“AESO”) March 28, 2019, Letter of Notice for Feedback on the Content of the Proposed New ISO Rule – “Waivers and Variance Rule” have been posted on the AESO website.

The following grid is hyperlinked to provide assistance in directing stakeholders to these late written comments.

<b>Waivers and Variance Rule</b>
<a href="#">TransAlta Corporation</a>

The AESO is of the view that adherence to deadlines is an integral part of a fair and efficient ISO rules comment process. Stakeholder comments received after a specified deadline are considered at the discretion of the AESO.

Sincerely,

*“Melissa Mitchell-Moisson”*
