Re: **Correction to Invitation for Comments on Set 2 and Set 3 of the draft ISO Rules for the Implementation of the Capacity Market**

On September 7, 2018, the Alberta Electric System Operator (“AESO”) posted invitations to provide written comments on the Set 2 and Set 3 rules for the implementation of the capacity market. In these invitations, the AESO indicated that revised drafts of the Set 2 and 3 rules will be posted for stakeholder comment on November 16, 2018.

The AESO wishes to advise stakeholders that the November 16, 2018 date was included in the letter due to an administrative error, and is incorrect. The schedule for posting drafts of the Set 2 and 3 rules is as follows:

September 28, 2018	Stakeholder written comments due on the Set 2 and 3 rules due to the AESO
October 22, 2018	AESO posts revised drafts of the Set 2 and 3 rules
November 14, 2018	Stakeholder written comments due on revised drafts of the Set 2 and 3 rules due to the AESO
