

# ISO Rules

## Part 200 Markets

### Division 201 General

#### Section 201.10 Capacity Market Participant Registration

Draft Version  
Posted January 2019

#### Applicability

- 1 Section 201.10 applies to:
  - (a) a **person** with an asset that the **ISO** has qualified pursuant to Section 206.1 of the **ISO rules**, *Qualification of Capacity*;
  - (b) a **pool participant** with a **generating unit** or **aggregated generating facility** with a **maximum capability** equal to or greater than 1 MW, unless such **generating unit** or **aggregated generating facility** is the subject of a renewable electricity support agreement in connection with the Renewable Electricity Program;
  - (c) a **capacity market participant**;
  - (d) a **legal owner** of an asset that is on an **ISO** list referred to in subsection 3; and
  - (e) the **ISO**.

#### Requirements

##### Capacity Market Participant

- 2 A **person** or **pool participant** must register a **capacity market participant** with the **ISO** within the timelines specified by the *Capacity Market Auction Guidelines*.

##### ISO Requirement to Maintain Lists

- 3 The **ISO** must maintain and make available on the AESO website, one or more lists containing up to date information on the **capacity market participant**, any **agents** and associated assets.

##### Capacity Market Participant Updates

- 4 A **capacity market participant** must provide updated information to the **ISO**, as soon as reasonably practicable, regarding its **capacity market participant** registration, **agents** and associated assets.

##### Changes to a Load Asset in the Capacity Market

- 5 A **capacity market participant** for a load asset must not switch between providing a **firm consumption level** and **guaranteed load reduction** within an **obligation period**.

#### Timely Information

- 6(1) A **legal owner** of an asset that is on the **ISO** list referred to in subsection 3 must, if the **legal owner** is not the **capacity market participant** for that asset, provide timely and complete information to the **capacity market participant** upon the request of the **capacity market participant** for the asset to enable the **capacity market participant** to comply with its obligations under the **ISO rules**.
- (2) A **pool participant** of an asset that is on the **ISO** list referred to in subsection 3 must, if the **pool participant** is not the **capacity market participant** for that asset, provide timely and complete information to the **capacity market participant** upon the request of the **capacity market participant** for the asset to enable the **capacity market participant** to comply with its obligations under the **ISO rules**.

# ISO Rules

## Part 200 Markets

### Division 201 General

#### Section 201.10 Capacity Market Participant Registration

#### Termination of Capacity Market Participant

**7** The **ISO** may terminate a **capacity market participant** registration if there are no assets associated with the **capacity market participant**.

#### Liability of Capacity Market Participant

**8** A **capacity market participant** that is or may become liable under the **ISO rules** in connection with its activities as a **capacity market participant** remains liable after the date of permanent delisting or retirement of its associated asset despite ceasing to be a **capacity market participant**.
