To: Market Surveillance Administrator, Market Participants and Other Interested Parties

Re: **Comment Matrices for Set 1 of the draft ISO Rules for the Implementation of the Capacity Market**

On August 3, 2018 the Alberta Electric System Operator (“AESO”) posted notice of the August 15, 2018 consultation session for Set 1 of the draft ISO rules for the implementation of the capacity market (“Set 1 rules”) along with drafts of the Set 1 rules.

The AESO is seeking written feedback from the Market Surveillance Administrator, market participants, and other interested parties (“Stakeholders”) on the Set 1 rules.

Stakeholders may submit written comments to the AESO on each draft ISO rule using the Stakeholder Comment Matrix – Draft Proposed ISO Rule which corresponds to that rule. The AESO will consider written comments in finalizing the draft Set 1 rules, as well as feedback received during the August 15, 2018 consultation session. Stakeholders should ensure that comments provided represent all interests within their organization.

The deadline for Stakeholders to provide comments is August 31, 2018. Comments must be sent to rules_comments@aeso.ca, and the scope of feedback is limited to the draft Set 1 rules. Adherence to deadlines is essential to the integrity of the comment process, and as such, the AESO may choose not to consider any Stakeholder comments received after the deadline.

The AESO will publish all Stakeholder comments, received by the deadline, on or before September 7, 2018. The AESO will not reply to comments received, but will consider these comments in developing revised drafts of the Set 1 rules, which will be posted for stakeholder comment on October 15.
