

ISO Rules

Part 200 Markets

Division 201 General

Section 201.4 Submission

Methods and Coordination of Submissions

Applicability

- 1 Section 201.4 applies to:
 - (a) a **pool participant**; and
 - (b) the **ISO**.

Requirements

Submission Method

2(1) A **pool participant** must, unless otherwise set out in the **ISO rules**, submit any information required under Sections 201 through 206 of the **ISO rules**, including **offers**, **bids**, operating constraints, **net settlement instructions**, **acceptable operational reasons** and reasons for restatements, through the Energy Trading System in accordance with the *Pool Participant Manuals* published on the AESO website.

(2) The **ISO** must make submission procedures available and give reasonable notice regarding any changes to the Energy Trading System.

Unable to Submit through the Energy Trading System

3(1) The **pool participant** must, if a **pool participant** is unable to submit information through the Energy Trading System in accordance with subsection 2 because the **pool participant's** computer systems are unavailable, submit mandatory restatements to the **ISO** by telephone.

(2) If a **pool participant** submits information by telephone in accordance with subsection 3(1), the following conditions apply:

- (a) the **ISO** will not enter the information into the Energy Trading System on behalf of the **pool participant**; and
- (b) the **pool participant** must resubmit all restatements for current and future **settlement intervals** submitted under subsection 3(1) as soon as it is possible to do so.

(3) The **ISO** must:

- (a) not use information received by telephone to determine the energy market **merit order**; but
- (b) use such information to satisfy the requirements that a **pool participant** notify the **ISO** as soon as practicable that a **dispatch** or **directive** will not be complied with and to provide operational information to the **ISO**.

Extension of Time

4(1) The **ISO** may extend the time set for submitting an **offer** or **bid** if there is a system-wide unavailability of the Energy Trading System and the **ISO** determines the length of the unavailability warrants such extension.

(2) The **ISO** may not extend the time for submitting **offers** or **bids** longer than 1 **settlement interval** following the **settlement interval** the Energy Trading System is back in service.

(3) The **ISO** must notify **pool participants** of any extension of time and its duration.
