

## Alberta Reliability Standards Compliance Monitoring Program Applicability Assessment Request Form

Please submit via email to: [rscompliance@aeso.ca](mailto:rscompliance@aeso.ca)

### Review requested for:

Alberta Reliability Standard Identifier:	<b>FAC-003-AB1-1</b>
Alberta Reliability Standard Name:	<b>Transmission Vegetation Management Program</b>
Requirement (s):	
Functional Entity Type:	

### PART I Entity Information:

New <input type="checkbox"/>	Revised <input type="checkbox"/>
------------------------------	----------------------------------

<b>Corporate Name (Legal Name):</b> _____		
<b>Other Name:</b> _____		
<b>Corporate Address:</b> _____		
<b>City:</b> _____	<b>Province / State:</b> _____	<b>Postal Code / Zip Code:</b> _____

Registered entity contact for this request		
<b>Name:</b>	<b>Date:</b>	
<b>Title:</b>		
<b>Phone:</b>	<b>Fax:</b>	<b>Email:</b>

### PART II Submission Information:

<b>Facility Name:</b> (i.e. Generation facility name, Transmission line identifier, Transmission substation ID, etc.)	
<b>AESO Identifier (if applicable):</b> (i.e. Asset ID, MPID)	
<b>Reason for request:</b>	

Please submit a copy of the following documentation with your Request Form:

<p>The <i>legal owner</i> of a <i>transmission facility with transmission facilities</i> operated at 200 kV and above and any lower voltage <i>transmission facilities</i> designated by the ISO as critical to the <i>reliability</i> of the AIES as identified in Appendix A; provided that <i>transmission facilities</i> on ROWs that are assessed and identified on an annual basis not to have vegetation capable of growing higher than 2 meters are excluded.</p>	<p>R1, R2, R3, R4.4.</p> <p>Area single line diagram showing</p> <ul style="list-style-type: none"> <li>- voltage levels and</li> <li>- ownership of each of the applicant’s requested transmission facilities (facility name) and connections, if any, to generator facilities/generating units, other transmission facility owners, and/or load facilities.</li> </ul> <p>Photographs and descriptions showing that the applicant’s facilities are located in areas where vegetation is not capable of growing higher than 2 meters. The photographs and descriptions must be dated within 3 months of the date of this application.</p> <p>Note – the photographs and descriptions to be updated annually as indicated in the applicability section of the standard. This information to be retained by the applicant and provided to the AESO on request.</p>
